COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Commissioner for Patents:

The Examiner provided a Statement of Reasons for Allowance on pages 2-3 (section 4) of the Notice of Allowability dated September 11, 2008. It is noted herein for the record that to the extent that there may be differences between the language used in the Statement to explain allowability, versus the actual language recited in each and every independent claim, it is the actual language recited in each and every independent claim that determines the scopes thereof. Further, it is additionally noted herein for the record that the independent claims are allowable by virtue of all of the recitations contained in each and every respective independent claim--accordingly, the allowability of the independent claims is not

limited to just the specific features described in the Statement. Moreover, it is also noted herein for the record that the dependent claims are allowable by virtue of their dependency upon allowable base independent claims, and further by virtue of the specific recitations contained in each and every dependent claim—the Statement did not appear to specifically discuss the recitations contained in the dependent claims and instead only attempted to discuss independent claims 1 and 6.

Accordingly, the scopes of the claims are not to be limited by the Statement

Respectfully submitted,

SEED Intellectual Property Law Group PLLC
